## Outstanding SR1A's

To search for outstanding SR1A's, press Q for Query, then advance the cursor to the "Send:" field. Type the "=" symbol and then press the "Esc" key.

## Easements and Master Deeds

All documents transmitted from the County Clerk will be entered in the SR1A system. The example above is a "Non-SR1A" document that does not need to be transmitted to the NJ Division of Taxation for SR1A processing. Enter the letter "R" in the "Send:" field for this type of document. When the cursor is on the "Send:" field, the following message will show on the last line of the screen: " Send to County? Y=Ok or N=Hold R=Redacted".
